The funding request received by council from the Golden Harvest Food Bank is a request for FY 2004-05.

Motion was made by Councilman Kitchens, seconded by Councilman Hudson, to postpone the funding request from MEG's House. Motion carried. MEG's House was funded \$5,000 last year from the Victims' Bill of Rights. That particular budget last year had \$157,000 but at this time it has expenditures of \$140,000 for the year; income of \$140,972. In December, with six months remaining in the fiscal year it had just \$48,589. Should not take any funds from this account at this time – wait and see if funds meet the county's revenue projections to service our Victims' budget before we decide whether there is any extra. Motion was made by Councilman Kitchens, seconded by Councilman Hudson, to postpone MEG's House request at this time. Motion carried unanimously.

Chairman Kneece made the motion to contribute \$50.00 for a one-half page ad to be placed in the Peach Blossom Festival brochure. Motion seconded by Councilman Bright. Motion carried unanimously.

Council received a request from the Edgefield County Fire Board asking for a \$30,000 loan from the county's administrative fee on the behalf of the Westside Fire Department to purchase a brush truck. Payments of \$6,000 per year for five years. The administrator explained that the minimum distribution to any fire department is \$21,000.00. The county retains about 10% of collection for administrative fee. There is a balance of approximately \$59,000 in the account now. The only outstanding loan at the present is to Northside Fire Department (balance of \$4,000) which will be paid in a couple of months. Anything beyond a five year term is on a simple interest basis – anything less than five years there is no interest. Motion was made by Councilman Kitchens, seconded by Councilman Hudson to approve a \$30,000 interest free loan to Westside Volunteer Fire Department to purchase a brush truck. Motion carried unanimously.

Appointments of two individuals to the Planning Commission Board were brought before council at this time. Councilman Bright recommended the appointment of Tracey Freeman, 1581 Edgefield Road, North Augusta, SC 29860, to fill the unexpired term of Wendell Beaubian. Chairman Kneece recommended the appointment of Norman Stephenson, 30 Typee Place, Johnston, SC 29832, to fill the unexpired term of Joe Edwards. Motion made by Councilman Hudson, seconded by Councilman Kitchens, to appoint Mr. Tracey Freeman and Mr. Norman Stephenson to the Planning Commission Board. Motion carried unanimously.

No Old Business.

Councilman Dorn spoke on behalf of some citizens attending the council meeting concerning the waterline on 283 (Walker Road). There is area off Walker Road where the waterline would not be installed and the citizens are interested in having the line extended to their homes since the contractor will already be in the area. Mr. Adams stated that Ruth LaForge (Upper Savannah COG) had already surveyed that area with Richard Shaffer (Water & Sewer Authority Administrator). That is an area they are looking at. Depends on what happens with the expense of the rest of what is being done on Hwy. 283. Pipe is out along the right-of-way but Mr. Shaffer is not sure of how much money will be left after the main part is done. There may be some money left in the current grant. There is another cycle coming up for which council has to express some support for another CDBG project – maybe apply then.

No Executive Session.
